Circ seam milling machines

reliable and safe preparation of circ seams at pipes, vessels and apparatuses. For this reason, they have been among the most popular seam milling machines for the preparation of seams of extremely narrow welding gaps for years. Actual usability studies give proof of cost benefits of more than 50 percent.

This GRF45 machine will save you time and money since the circ seam milling machine is also suitable for a quick and reliable seam repair. Benefit from individual concepts and numerous advantages in comparison to conventional gouging or grinding methods.
