

Welding positioners - HYWO - KT-10 Power - MACH-ID 8517

Welding positioners - HYWO - KT-10 Power

MACH-ID 8517

Make HYWO
Type KT-10 Power
Year 2016

Specifications

Load capacity per section	10 T
Vessel range Minimum	300
Vessel range Maximum	3400 Ø
Variable rotation	100 - 1000 mm/Min Rpm
Wheel dimensions	280 x 165 Ø x mm
No of wheels per section	2 + 2

Dimensions

Length	78.74 inch
Width	19.685 inch
Height	20.866 inch
Weight	1543.9 lbs

Welding positioners - HYWO - KT-10 Power - MACH-ID 8517

FEATURES and BENEFITS

- Pre-defined roller positions to adjust to various workpiece diameters
- Available with manual or electric spindle adjustment
- Robust construction thanks to usage of high material thicknesses
- The standard equipped steel and rubber rollers with high bearing strong driving capacity
- Stepless speed adjustment with a wide speed range
- High precision and a large start-up moment for increased safety
- Linkage interfaces are available in the control box
- Compatible with control systems of other manufacturers
- Also available with extra-large rollers for thin-walled work pieces
- From 100t we also offer anti-drift devices: These effectively avoid the movement of the workpiece through a hydraulic adjustment of the roller
