

Sliding bed lathes - EST TICINO - ET-BM-CT 520 - MACH-ID 9272

Sliding bed lathes - EST TICINO - ET-BM-CT 520

MACH-ID 9272

Make EST TICINO
Type ET-BM-CT 520
Year 1996
Control Siemens Sinumrik 805

Specifications

Swing over bed Ø	1040 mm
Swing over cross slide Ø	710 mm
DBC Turning Length	3000/4500 mm
Spindle bore	160 mm
Swing in the gap Ø	1780 mm
Gap length	1500 mm
Spindle power	40 kW
Bed width	800 mm
Spindle taper	6 Mk

Dimensions

Length	7500 mm
Width	2200 mm
Height	2200 mm
Weight	11000 kg

Sliding bed lathes - EST TICINO - ET-BM-CT 520 - MACH-ID 9272

Discover the power of EST TICINO and its impressive ET-BM-CT 520 model. A used ET-BM-CT 520 is a prime example of the sturdiness and reliability of the brand. Boasting substantial swing over the bed (1040mm), cross slide (710mm), and insurmountable swing in the gap (1580mm), its prowess extends beyond the average. With an impressive 40 kW spindle power and 160mm spindle bore, your performance expectations will be commendably met.

Its 3-guideway construction and double V Prima guideways add to the robustness of this model. The added features of a steady 600mm and 7800mm rest, a 4-chuck 800mm, and an Oil Country 160 spindle bore significantly enhance its operational capability. Additionally, the ET-BM-CT 520 offers an optional larger chuck up to 1500mm. These sought-after attributes present versatile applications, thus being ideal for heavy-duty metalworking, tool manufacturing and component fabrication.

The EST TICINO ET-BM-CT 520 also provides a remarkable turning length (3000/4500mm), bed width of 800mm, and an immense capacity to hold a workpiece weight of 3500 units. Notably, its speed scales up to 800 Rpm, with feed rates reaching up to 10,000 mm/min. for both the X and Z-axis. This second-hand ET-BM-CT 520, just as with all Mach4Metal's machines, is carefully selected to ensure robust and reliable operation for our users. Its dimensions, 2200mm in height, 2200mm in width, and 7500mm in length, make it an ideal addition to your metalworking workshop. If you are interested in the EST TICINO ET-BM-CT 520 or have any queries, feel free to reach out to us. We look forward to providing exquisite solutions for your metalworking needs.
