

Eckold Kraftformers Piccolo - Walter Eckold - KF 340 - MACH-ID 9603

Eckold Kraftformers Piccolo - Walter Eckold - KF 340

MACH-ID 9603

Make Walter Eckold
Type KF 340
Year 2014

Specifications

Number of strokes	600 Min.
Maximum sheet thickness	0.118 inch
Horizontal troath	13.386 inch
Vertical troath	9.646 inch
Max. thickness Aluminium	0.157 inch
Max. thickness Stainles	0.079 inch
Motorised ram adjustment	0-30
Power	5 kW

Dimensions

Length	49.213 inch
Width	31.496 inch
Height	70.866 inch
Weight	1323.4 lbs

Eckold Kraftformers Piccolo - Walter Eckold - KF 340 - MACH-ID 9603

...the one with the continuously adjustable working speed.

Depending on the workpiece or other job requirements the operator of the ECKOLD Kraftformer KF 340 can easily adjust the working speed between 220 and 600 strokes per minute. The powerful machine can form sheet metal and profiles up to 3.0 mm (m.s.) material thickness.

The KF 340 Kraftformer is one of the medium-sized motor driven machines. The steplessly adjustable lifting speed ensures optimal working. A slow speed is selected to form thicker material, for flattening, straightening or very precise finish forming. A high number of strokes facilitates and speeds up stretching, doming (dishing), planishing and planing.

Like with all other ECKOLD Kraftformer machines the large number of tools available makes the KF 340 power hammer the perfect "all-rounder" in the sheet shop.

Connoisseurs of ECKOLD forming machines call this machine PICCOLO. This was the official name given to previous versions of this machine size by ECKOLD. So even today, when someone mentions the Piccolo, we know what they are talking about.

Eckold Kraftformer; motorised machine for Shrinking, Stretching, Doming, Planishing, Reforming, Flattening, Straightening

Machine equipped for tooling:

FWR

FWA

LFA
