

## Press brake - DARLEY - EHP - L - MACH-ID 5081

### Press brake - DARLEY - EHP - L

**MACH-ID 5081**

Make DARLEY  
Type EHP - L  
Year 2000

| Darley                                           |                  |
|--------------------------------------------------|------------------|
| Erasmusstraat 90<br>E246 HZ ELUSDEN<br>Nederland |                  |

| Machine Type                                     | EHP-L 150, 31/25 |
| Bouwjaar                                         | 2000             |
| Max. Capaciteit                                  | 1500             |
| Werklengte                                       | 3100 mm          |
| Permsogen                                        | 14 kW            |
| Voltag                                           | 400 V 3 PH       |
| Hydraulische Olie Tank                           | 180 l            |
| Hydraulische Systeem Druk                        | 29,5 bar         |

### Specifications

|                           |                                                                                      |
|---------------------------|--------------------------------------------------------------------------------------|
| Max. bending length       | 3100 mm                                                                              |
| Max. pressing force       | 150 T                                                                                |
| Troth beam                | 250 mm                                                                               |
| Number of controlled axis | 8                                                                                    |
| Control                   | Delem DA 65 Y1 + Y2 + V<br>(BOMBERING) + X1 + X2 +<br>R1 + R2 + Z1 + Z2 = 9<br>ASSEN |
| Distance between column   | 2500 mm                                                                              |
| Dis. Beam - Table         | 400 mm                                                                               |
| Beam stroke               | 175 mm                                                                               |
| Approch speed             | 100 mm/min.                                                                          |

### Dimensions

|        |         |
|--------|---------|
| Length | 3300 mm |
| Width  | 2000 mm |
| Height | 2440 mm |
